Attn. Alvin Yeung W M

Dear Alvin,

RE: Factory Renovation Works

Thank you for completing the renovation of our 2 factories in Senoko.

The works were conducted in an efficient and timely manner. We were able to meet deadline and be compliant with government regulation. Your company has been very supportive and accommodative throughout the entire project. In addition, we truly appreciate the post-renovation support that your company gave.

Should the opportunity arise, we would look forward to working with you again.

Yours sincerely,
